| <input type="checkbox"/> Tester Order Form | <input type="checkbox"/> Special Values Order Form |
| <input type="checkbox"/> Gifts with Purchase Order Form | |

OTHER FEES:

\$10.00 Call In-Fee for orders called in. **\$3.00 Administrative Fee** if Customer Service must call you (due to payment issues or incomplete, miscalculated or unreadable orders, etc) before your order can be processed. Note: If you pay by check and your payment is miscalculated and falls short of the amount due, the amount of product will be reduced to match the payment received. For bounced checks, there is a \$30 fee.

Examples of when you'll be charged include: ♦not including the total number of pages faxed on the cover page ♦not totaling or miscalculating the order ♦not filling out the payment information section completely including ♦not providing a credit card number or not completing the cardholder information or, if not paying by credit card, not indicating how the order will be paid ♦sending an unreadable order (a black or blue ink pen works best when faxing).

Note: Incomplete orders or problems with payment will slow down order processing and delivery
